Construction

Robust **body construction** and chassis integration for safer handling and optimum weight management, with **AL-KO and Knott** as our chassis partners (model and layout dependent). The combined solution of durable GFK body and performance chassis means reliable long-term performance.

With the clean lines and inspired solutions based on aerodynamic principles of our new generation caravans, experience improved air-flow and lower resistance when towing, for more efficiency.

Exclusively on Astella and Alpina caravans, Adria's unique **Complex body construction** combines the torsional strength of wood, the durability of polyurethane and the moisture-stopping properties of polyester giving reliable long-term durability and performance.
